**Brief description:**The influence of ozone on the winter hardiness of Norway spruce (*Picea abies* (L.) Karst.) *New Phytol.* 108: 159-166

**Reference Source:**Barnes J.D., Reiling K., Davison A.W. & Renner C.J. (1988)

**Brief description:**Interaction between ozone and winter stress. *Environmental Pollution* 53: 235-254

**Reference Source:**Heatherington S.E. & Öquist G. (1988)

**Brief description:**Monitoring chilling injury: A comparison of chlorophyll fluorescence measurements, post-chilling growth and visible symptoms of injury in *Zea mays*. *Physiologia Plantarum* 72: 241-247

**Reference Source:**Hodges M., Cornic G. & Briantais J-M. (1989)

**Brief description:**Chlorophyll fluorescence from spinach leaves: resolution of non-photochemical quenching. *Biochimica et Biophysica Acta* 974: 289-293

**Reference Source:**Bolhahn R., Nordenkampf H.R., Long S.P., Baker N.R., Öquist G., Schreiber U. & Lechner E.G. (1989)

**Brief description:**Chlorophyll fluorescence as a probe of the photosynthetic competence of leaves in the field: a review of current instrumentation. *Functional Ecology* 3: 497-514

**Reference Source:**Binder W.D. & L'Hirondelle S.J. (1995)

**Brief description:**Physiological tests of conifer seedling quality: Implementing operational measurement of chlorophyll fluorescence and electrolyte leakage. *Chl Fluorescence Newsletter* 3: 5-10

**Reference Source:**DeEll J.R., Prange R.K. & Murr D.P. (1995)

**Brief description:**Chlorophyll fluorescence as a potential indicator of controlled-atmosphere disorders in 'Marshall' McIntosh apples. *HortScience* 30(5): 1084-1085

**Reference Source:**Fisker S., Rose R., Haase D. (1995)

**Brief description:**Chlorophyll fluorescence as a measure of cold hardiness and freezing stress in 1+1

Douglas-fir seedlings: response to seasonal changes in the nursery. *Forest Science* 41: 564-575 (#430)

**Reference Source:** Mohammed G.H., Binder W.D. & Gillies S. (1995)

**Brief description:** Chlorophyll fluorescence: A review of its practical forestry applications and instrumentation. *Scand. J. For. Res.* 10: 383-410

**Reference Source:** Binder W.D. & Fielder P. (1996)

**Brief description:** Seasonal changes in white spruce seedlings from different latitudes in relation to gas exchange and winter storability. *New Forests* 11: 207-232

**Reference Source:** Binder W.D. & Fielder P. (1996)

**Brief description:** Chlorophyll fluorescence as an indicator of frost hardiness in white spruce seedlings from different latitudes. *New Forest* 11: 233-253

**Reference Source:** Binder W.D., Fielder P., Mohammed G.H. & L'Hirondelle S.J. (1996)

**Brief description:** Applications of chlorophyll fluorescence for stock quality assessment with different types of fluorometers. *New Forests* 13: 63-89

**Reference Source:** Yang G., Rhodes D. & Joly R.J. (1996)

**Brief description:** Effects of high temperature on membrane stability and chlorophyll fluorescence in glycinebetaine-deficient and glycinebetaine-containing maize lines. *Aust. J. Plant Physiol.* 23: 437-443

**Reference Source:** Song J., Deng W., Beaudry R. & Armstrong P. (1997)

**Brief description:** Changes in Chlorophyll fluorescence and chlorophyll content of apple fruit during maturation, ripening and senescence. *HortScience* 32: 891-896

**Reference Source:** Gillies S.L. & Binder W.D. (1997)

**Brief description:** The effect of sub-zero temperatures in the light and dark on cold-hardened, dehardened and newly flushed white spruce (*Picea glauca* [Moench.] Voss) seedlings. *New Forests* 13: 91-104

**Reference Source:** DeEll J.R., Prange R.K. & Murr D.P. (1998)

**Brief description:** Chlorophyll fluorescence techniques to detect atmospheric stress in stored apples. *Acta Horticulturae* 464: 127-131

**Reference Source:** Mir N., Wendorf M., Perez R., Beaudry R. (1998)

**Brief description:** Chlorophyll fluorescence as affected by some superficial defects in stored apples. *J. Horticultural Science and Technology* 73: 846-850

**Reference Source:** Mir N., Wendorf M., Perez R., Beaudry R. (1998)

**Brief description:** Chlorophyll fluorescence in relation to superficial scald development in apple. *J. Amer. Soc. Hortic. Sci.* 123: 887-892

**Reference Source:** Toivonen P.M.A. & DeEll J.R. (1998)

**Brief description:** Differences in chlorophyll fluorescence and chlorophyll content of broccoli associated with maturity and sampling section. *Postharvest Bio. Technol.* 14: 61-64

**Reference Source:** DeEll J.R., van Kooten O., Prange R.K. & Murr D.P. (1999)

**Brief description:** Applications of chlorophyll fluorescence techniques in postharvest physiology. *Hort. Re.* 23: 69-107

**Reference Source:** Willits D.H. & Peet M.M. (1999)

**Brief description:** Using chlorophyll fluorescence to model leaf photosynthesis in greenhouse pepper and tomato. *Acta Horticulturae* 507:311-317

**Reference Source:** DeEll J.R. & Toivonen P.M.A. (1999)

**Brief description:** Chlorophyll fluorescence as an Indicator of physiological changes in cold-stored broccoli after transfer to room temperature. *Journal of Food Science* Vol. 64 No. 3: 510-503

**Reference Source:**Filiault D.L. & Stier (1999)

**Brief description:**The use of chlorophyll fluorescence in assessing the cold tolerance of three turfgrass species. Wisc. Turf Research XVI: 109-110

**Reference Source:**Zhang X., Schmidt R. & Chalmers D. (1999)

**Brief description:**Response of photosynthesis and Superoxide dismutase to Silica applied to Creeping Bentgrass grown under two fertility levels. J. Plant Nut. 22: 1763-1773

**Reference Source:**DeEll J.R. & Toivonen P.M.A. (2000)

**Brief description:**Chlorophyll fluorescence as an indicator of broccoli quality during storage in modified atmosphere packaging. HortScience 35(2): 256-259

**Reference Source:**Binder W.D. & L'Hirondelle S.J. (2000)

**Brief description:**Risk assessment for ultraviolet-B radiation damage to economically-important tree species in British Columbia. FRBC Project HQ96383-RE: 22

**Reference Source:** Forney C.F., Jordan M.A., Nicholas K.U.K.G. & DeEll J.R. (2000)

**Brief description:**Volatile emissions and chlorophyll fluorescence as indicators of freezing injury in apples. HortScience 35 (7): 1283-1287

**Reference Source:**Hakam N.S., Khanizadeh S., DeEll J.R. & Richer C. (2000)

**Brief description:**Assessing Chilling tolerance in roses using chlorophyll fluorescence. HortScience 35: 184-186

**Reference Source:**Khan S., Rose R. Haase D. & Sabin T. (2000)

**Brief description:**Effects of shade on morphology, chlorophyll concentration and chlorophyll fluorescence on four Pacific Northwest conifer species. New Forests 19: 171-186 (#48)

**Reference Source:**Khanizadeh S., DeEll J. & Hakam (2000)

**Brief description:**Use of chlorophyll fluorescence to evaluate chilling tolerance in strawberry plants. Acta Horticulturae 538: 453-456

**Reference Source:**Krol P.M., Ormrod D.P., Binder W.D. & L'Hirondelle S.J. (2000)

**Brief description:**Effects of ultraviolet-B radiation on needle anatomy and morphology of western larch, interior spruce and lodgepole pine. Journal of Sustainable Forestry 10: 141-148

**Reference Source:**Stark P.C., Mullen K.I., Banton K., Russotti R, Soran D. & Kuske C.R. (2000)

**Brief description:**Pre-PCR DNA quantitation of soil and sediment samples. Soil Biology & Biochemistry 32: 1101-1110

**Reference Source:**Zhang X. & Schmidt R. (2000)

**Brief description:**Application of Trinexapac-ethyl and Propiconazole enhances Superoxide dismutase and photochemical activity in Creeping Bentgrass. J. Amer. Soc. Hort. Sci. 125: 47-51

**Reference Source:** Mir N., Curell E., Khan N., Whitaker M. & Beaudry R.M (2001)

**Brief description:**Harvest maturity, storage temperature and 1-MCP application frequency alter firmness retention and chlorophyll fluorescence of 'Redchief Delicious' apples. J. Amer. Soc. Hort. Sci. 126: 618-624

**Reference Source:**Burr K.E., Hawkins C.D.B., L'Hirondelle S. J., Binder W.D., George M.F. & Repo T. (2001)

**Brief description:**Methods for measuring cold hardiness of conifers. Conifer Cold Hardiness: 369-401

**Reference Source:**Rennie T.J., Vigneault C., Raghavan G.S.V & DeEll J.R. (2001)

**Brief description:**Effects of pressure reduction rate on vacuum cooled lettuce quality during storage. Canadian Biosystems Engineering/Le génie des biosystèmes au Canada 43:3.39-3.43

**Reference Source:**Song, J., Fan, L., Forney, C.F. & Jordan, M.A. (2001)

**Brief description:**Using volatile emissions and chlorophyll fluorescence as indicators of heat and freezing injury in apple fruits. *Acta Hort.* 553, 245-248

**Reference Source:**Robredo A., González-Moro B., Lacuesta M., Mena-Petite A. & Muñoz-Rueda (2002)

**Brief description:**Elevated CO<sub>2</sub> mitigates the drought effects on photosynthesis assimilation and growth in barley. Congress of the Federation of European Societies of Plant Physiology, Crete, Greece pp 610

**Reference Source:**Millwood R.J., Halfill M.D., Harkins D.P., Russotti R.M., Stewart C.N. Jr. (2003)

**Brief description:**Instrumentation and methodology for quantifying GFP fluorescence in intact plant organs. *Bio Techniques* 34: 638-643
